### INTRODUCING ARÊCHES-BEAUFORT

We love finding new resorts that we think you'll like and Arêches-Beaufort is definitely one of these. This traditional village resort is great for beginners and intermediates, and its size (and lack of queues) makes it well-suited to families too. As well as access to a great ski area, an idyllic setting (the ski area has Mont Blanc as a backdrop!), it's one of the resorts with the shortest driving distance from Calais. It's even got a cheese (Beaufort) to its name. With new accommodation opening there for this season, what's not to love?! **Find Arêches-Beaufort at [peakretreats.co.uk](http://peakretreats.co.uk)**

# AT'S NEW THIS SEASON

## RESORT NEWS

### A WHOLE NEW MOUNTAINSIDE OF SKIING FOR LA ROSIERE

We were excited to be part of a trip to La Rosière to hear first hand about the resort's plans to expand the ski area. These include building five new red pistes, bringing the ski area's total runs to 198km, and adding two new 6-seater lifts. The new area will be on the Mont Valaisan peak, raising the top altitude of the resort to 2800m and creating lots of new free-riding opportunities. All for 2018/19!

Choosing where to stay in La Rosière has just got a lot harder too! We've added 4-star Le Hameau de Barthélemy. We love the décor in these stylish apartments. Plus they're just 200m from the slopes, lifts and ski school. Find details at [peakretreats.co.uk](http://peakretreats.co.uk)

This season is definitely the one to discover (or rediscover) La Rosière. We can't wait! **Find La Rosière on pages 18 and 19.**

## NEW ACCOMMODATION

### NEW PROPERTY IN LES GETS

4-star Residence Annapurna opened in February 2018. It's in one of the best positions in Les Gets (one of our favourite resorts in the vast Portes du Soleil ski area), just 150m from the Mont Chéry gondola and the village centre. As well as beautiful spacious apartments, superb facilities include a stunning indoor pool and a spa with hammam and a hot tub. Plus there's an on-site restaurant.

Find Residence Annapurna at [peakretreats.co.uk](http://peakretreats.co.uk)

## TRAVEL NEWS

### NEW FLEXIPLUS LOUNGES

Our ski holiday packages come with travel by Eurotunnel with a free upgrade to FlexiPlus on most dates, so we were really pleased that new FlexiPlus lounges are now open on both sides of the Tunnel and that they **now accept high vehicles**. The lounge is the perfect place for a pit-stop – pick up complimentary refreshments and newspapers and jump on their free WiFi.

## NEW ACCOMMODATION

We're excited about the opening of the 4-star Residence Altaviva in Tignes 1800, which will have an indoor pool with panoramic south-facing terrace and a spa.

See this and other new properties including new apartments in Les Houches, Samoëns and Valmorel at [peakretreats.co.uk/new](http://peakretreats.co.uk/new)

### LES FERMES DU MONT BLANC, COMBLOUX

This property wowed us when we visited at the end of last season! These gorgeous, spacious 4-star apartments are so well equipped and located just 300m from the centre of the charming village resort of Combloux. The free shuttle bus for the slopes stops just 30m away... if you can tear yourself away from the pool and the breathtaking views over the valley! **Find Les Fermes du Mont Blanc at [peakretreats.co.uk](http://peakretreats.co.uk)**

## FOCUS ON

# SELF-CATERED CHALETs

For a big family group, or larger groups of friends and family, choosing a self-catered chalet can be a fun option and represent great value. This season we've expanded our range of self-catered chalets in the popular resort of Saint Martin de Belleville. This peaceful Three Valleys resort feels lived-in, peaceful and unspoiled, and has bags of charm, plus it links to one of the world's biggest ski areas!

## NEW IN SAINT MARTIN DE BELLEVILLE

### Chalets Home

We have officially fallen for these über-stylish self-catered chalets (they do chalet apartments too). There are two five-bedroom self-catered chalets sleeping up to 12, with plenty to love. All bedrooms are en-suite and both chalets have their own sauna. Enjoy curling up by the fire in the evening, and in the morning take the private shuttle bus service to the resort centre and lifts.

### Chalet Rose

With an outdoor hot tub, sauna, pool table and home cinema, we wonder if you'll find time to ski! Chalet Rose is superbly located for access into the Three Valleys; just over the road from the gondola. This five-bedroom self-catered chalet sleeps up to 14. The views from the living area and terrace are spectacular and we particularly love the contemporary feel of the open fire in the living area.

### Chalet Violet

Perfectly located for skiers who want to access the Three Valleys, like Chalet Rose, Chalet Violet is just over the road from the gondola. The wide terrace has views over the surrounding mountains and also has an outdoor hot tub. All four bedrooms (Chalet Violet sleeps up to eight) are ensuite. For cosy evenings, you can light the woodburner in the spacious living area.

We also feature self-catered chalets in other resorts including Les Deux Alpes, Les Gets and Samoëns.

## THE INSIDE TRACK

# On a high – our favourite moments of last season

What a season! We skied all over the French Alps in perfect conditions so it was tricky to pick our top ski moments! Here are our favourites.

That feeling of complete peace when you find yourself alone on the slopes surrounding by stunning mountain scenery – Marie-Sophie

Our end of season Peak Retreats team trip to Tignes. The conditions in late April were glorious!

Watching my 63 year old mum loving her ski lesson in Les Carroz after she'd been nervous about our trip – Francesca

Skiing all the way from Tignes les Brévières to Val d'Isère via the Grande Motte glacier – Claire

Skiing from Montgenèvre to Italy and treating ourselves to a Bombardino (Advocaat and brandy with whipped cream) – Lyndsey & Yuliya

## 5 pistes we could ski again and again

1

The picturesque Grand Solliet blue piste in Sainte Foy, the perfect run for the end of the day, stunning views to start with then sheltered tree-lined bliss to finish.

2

The green Marvel run in the Grand Massif (ski it from Les Carroz, Morillon or Samoëns) is a must for little ones. It has panels with information on the flora and fauna you might see en route.

3

The world's longest green run, l'Escargot in Val Cenise. Perfect for building beginners' confidence, the views from the start, at the top of the Ramasse ski lift, are impressive.

4

The Phare blue run in the Serre Thibaud sector of Montgenèvre. It's long, wide and there are fantastic views from the ridge.

5

For a challenge try the steep north-facing mogul slopes from the Tête des Saix - the central point of the entire Grand Massif system - down to Samoëns.

# READY, SET, SKI!

We take care of everything so you can get on with the important business of skiing! Our holidays include a **return Eurotunnel** crossing, with a **free FlexiPlus** upgrade on most dates, giving you the flexibility and freedom to drive down to the Alps at your own pace, taking as much kit as you need!

## TRAVEL

### EUROTUNNEL

Our ski holidays include a **return Eurotunnel** crossing with a **free FlexiPlus** upgrade on most dates. You can of course just book your accommodation with us if you prefer. The huge advantage of FlexiPlus is that you can travel when you want, just turn up and board the next available train. There are also new Eurotunnel FlexiPlus lounges open on both sides of the Tunnel, perfect for a pit-stop (see page 5 for details).

### EUROSTAR

The direct Eurostar ski train is a great alternative to flying or driving. You can choose to depart from London or Kent, the Eurostar then takes you all the way to either Moûtiers or Bourg Saint Maurice. Make the most of a generous luggage allowance (two bags, hand luggage and a pair of skis per person). Get in touch with us to find out more.

### TRANSFERS AND CAR HIRE

If you've arranged your own travel and are flying we can arrange taxi transfers to your resort or car hire if you prefer. Contact us for a quote.

### EN-ROUTE STOPOVERS

Break up your journey down to the mountains or maybe sneak in an extra day either side of your holiday. Either way, we have a selection of hotels in locations that make them great for stop-overs.

## LIFT PASSES

You can pre-book six day passes for most resorts through us. For the majority, we can send you your hands-free lift pass cards with your voucher pack, so you can skip the queues and be on the slopes quicker! We have some great lift pass deals, find all of these at [peakretreats.co.uk/skipassdeals](http://peakretreats.co.uk/skipassdeals)

## SKI AND BOARD HIRE

We have a great partnership with leading sports shop chain Sport 2000: pre-book and your skis, boards, boots and helmets will be waiting for you on arrival in resort. All our ski hire is booked for seven days (you get one day FREE as you only pay for six) meaning you can pick it up on the day you arrive, saving you having to fit this in on your first full-day in resort.

## SKI SCHOOL

Book ski school places through us in advance to ensure you have a spot (particularly important for peak dates), that's one less thing to do on arrival too! If you're booking lessons for children, it's also reassuring for them to know what they'll be doing when they get there. We work with the Ecole de Ski Française (ESF). Their instructors speak English and have a wealth of local knowledge meaning that lessons not only improve your skiing but help you get the most out of the ski area.

# STAY IN STYLE

Our hand-picked range of accommodation is all personally selected by our Directors. We've chosen properties that have superb facilities and are not only comfortable, but also in a great location whether that's in the heart of the resort or with easy access to the slopes.

Our Directors' Choice range is the ultimate in luxury self-catered accommodation. Many of these apartments are built by the renowned Alpine developer, MGM. They stand out for their very high standard, spacious, well planned apartments with fully equipped kitchens, and superb facilities including indoor pools, hot tubs, sauna, steam room and often spa facilities. Nice touches like beds made on arrival, end of stay cleaning and free WiFi make these extra special.

# Val Cenis

This friendly resort is made up of two traditional villages, Lanslebourg and Lanslevillard, which have retained their genuine charm. With largely north-facing slopes, Val Cenis has a great snow record. It boasts the longest green run in the world and plenty of tree-lined blue runs, making it ideal for beginners and intermediates.

## THE INSIDE TRACK

*"Val Ceniz feels like a bit of a hidden gem. There's enough variety of slopes to challenge better skiers but it's also perfect for beginners and families. Children love the Mickey Mouse slope with plenty of bumps and turns to show off on. There's some great slopeside stops for lunch, and for dinner try Le Peau de Vache for a relaxed family-friendly atmosphere."*

# Montgenèvre

With the possibility of skiing over to Italy, a great snow record and an impressive pedigree of over 100 years of winter sports (making it one of the world's oldest ski resorts), Montgenèvre has lots to offer. It's good for beginners and boarders, and has lots of intermediate cruising too – there are 38 red runs! Montgenèvre is the only French resort in the vast, predominantly Italian, Milky Way ski area so expect an Italian influence.

## THE INSIDE TRACK

*"We loved skiing the Serre-Thibaud and Gondrans areas of Montgenèvre. The whole resort has plenty of long, wide blue and red*

*runs (great for me as a snowboarder). Having children with us, it was nice that the ski area is compact so when you're skiing, you're not really ever far from the resort centre. In fact everything was on our doorstep!"*
